

## The first time your Managed IT Services provider falls asleep on the job should be the last time.

With Netwurx™ from VertitechIT, you get 24 x 7 monitoring support, a team of multi-disciplinary engineers and technicians with distinct skill sets in networking, server management, telecommunications operations, and the ability to handle everything from an individual PC issue to a full network refresh. All this.... at no up-front cost and a fixed, monthly price.

*When your IT network is on the line (and needs to stay there), the old adage applies. You snooze, you lose. We won't let that happen.*

### **Team Support:**

Multi-disciplinary teams service every account so problems are routed to engineers with specific expertise, resulting in more efficient resolution.

### **24 x 7 x 365 Monitoring:**

Netwurx™ provides proactive monitoring of all key components 24 hours a day, 365 days a year. Server issues are addressed as they occur with engineers on-call at all times. We also provide toll-free help desk support with remote remedial capability.

### **Network Management:**

The Netwurx™ solution provides a stable and fully supported IT environment that assures maximum uptime and an affordable solution for staying current in an ever-changing IT world.

### **Fixed Monthly Cost:**

One low, monthly fee includes management, monitoring, OS system upgrades, as well as remote and on-site technical support.
